V. PUBLIC HEARING

Public hearing notice published in the Honolulu Star-Advertiser on Friday, March 5, 2021. The Commission will take action on each agenda item after public hearing is closed.

A REQUEST FOR AMENDMENTS TO CHAPTER 21, REVISED ORDINANCES OF HONOLULU 1990 (The Land Use Ordinance), RELATING TO WIND MACHINES

The City Council initiated a proposal to amend the Land Use Ordinance (LUO), relating to wind machines that will require wind machines with a capacity of 100 kilowatts or more to be setback five-miles from all property lines.

Resolution No. 19-305, proposes an amendment to the LUO that will require wind machines with a capacity of 100 kilowatts or more to be setback five-miles from all property lines.

The Department of Planning and Permitting (DPP) proposes “Bill A” as an alternative to the amendment proposed by Resolution No. 19-305. Bill A’s proposed amendment increases the current setback to a distance of 1,500 feet or a distance equal to no less than two feet for each foot of height, measured from the highest vertical extension of the system, whichever is greater, from all property lines. The DPP recommends approval of Bill A.
